**Precepts - Please comment on the quality of the precepts. How did they contribute to your learning in the course? To what extent did the preceptor raise challenging questions, help clarify course material, and encourage broad student participation? Was the preceptor responsive to students' questions, opinions, and criticism?**

### Comments

Elsa made the material understandable and was so willing to help and answer questions. I don't know how I would have made it through the course without her help.

She was super helpful and responsive... seriously an awesome preceptor. I always knew I could go to her office hours (even though I had few issues so I didn't—but I wish I had, just because she was so helpful) and she was also great over email, very helpful in figuring out how to solve code issues.

Elsa was an amazing preceptor. At the beginning of each precept, she would go over our questions from the QSS assignment. Then, she would review some of the concepts and tips from lecture. Afterward, we would start the precept assignment. Elsa would allow us to work independently (or in groups), and she would float around to check on anyone who had questions. If there were many questions, she would call the class together and address the question. In this way, everyone who needed help received help from Elsa. Furthermore, she was always prepared, knew her stuff, and was very excellent at explaining difficult concepts.

Great preceptor. Approachable and very good at helping students who are frustrated with r studio.

Elsa was an amazing preceptor and I would have done much worse in the course without her help!

Elsa is an amazing preceptor. She explained things very clearly and was always available for questions. She was fair and understanding. Really top rate teacher.

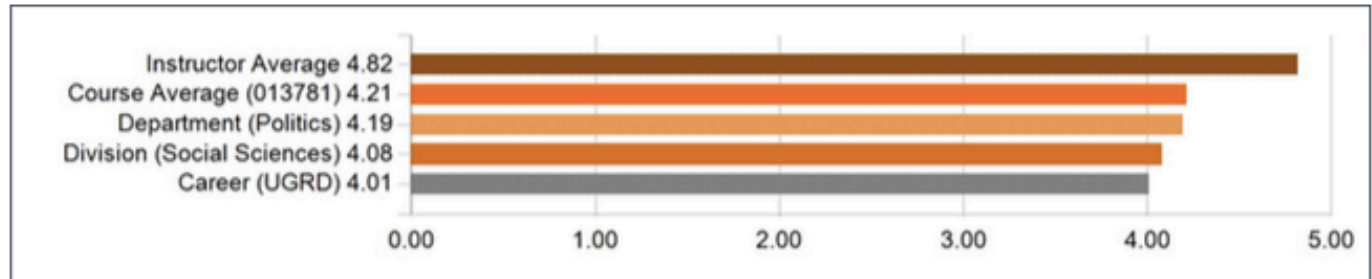

Elsa is absolutely amazing. She really wants students to understand the material and really went out of her way to set aside office hours that were convenient for students. I really appreciated her help.

Elsa was great! Made the course really fun

Elsa was an amazing preceptor! I felt that she answered all questions clearly and presented all material very well.

### Comments

Elsa is a great preceptor.

Elsa was a great preceptor. She did a good job leading it.

LOVE Elsa. Phenomenal preceptor.

The precepts were great. Elsa did an amazing job at explaining how things worked and explaining formulas and concepts as well as possible.

ELSA IS A FREAKING BOSS. She was awesome during precept. I knew I could count on her review during precept if I didn't understand the reading for the week or lecture. Plus, she is super nice and super understanding if we were struggling. I feel as though people of all different skill sets in my precept were attended to.

ELSA IS A FANTASTIC PRECEPTOR!!! She was so helpful explaining concepts and walking through troubleshooting in R. Best preceptor ever!

Elsa was the best preceptor– always engaging and helpful!

Great preceptor. Precept exercises were pretty pointless.

Elsa is an excellent preceptor, and I think her style of instruction was really critical to my success in the course!

ELSA WAS AMAZING. She was very helpful when it came to the precept problem sets, the actual problem sets, and the QSS.
